

Hometown
— PEDIATRICS —

April 27, 2010

Dear Parents and Patients,

After more than 34 years in the practice of medicine, I have decided to retire. While I thoroughly enjoy my work, I am eager to pursue other interests in my life that have been 'on hold' for some time now. My partners here at Hometown Pediatrics stand ready to continue providing excellent care for you.

It has been a privilege to get to know you and to care for your children. It is those relationships that I most cherish. I now look forward to getting to spend more time with my grandchildren and doing many of the things that have been on my wish list for a while.

My last day at work will be Thursday, July 29, 2010. Should you have questions about my retirement, I would suggest you contact me at the following email address as answering many additional phone calls during the day is difficult.

rebeccahillmd@gmail.com

Sincerely and with deep gratitude,

Rebecca Beckman Hill, MD
